**Challenge Group feedback log**

<b>Feedb ack no.</b>	<b>Date raised</b>	<b>Feedback name</b>	<b>Feedback description</b>	<b>Groups affected</b>	<b>Status</b>	<b>Recommended action</b>	<b>Progress and closing comments</b>
1	01-Mar	Industry developments	Challenge Group flagged open Ofgem CFI on the Futue of Distributed Flexibility and consultation on Local Energy Institutions and Governance.	Steering Group	1. Initiated	Steering Group discussing impact on ON.	
2	01-Mar	Service failure penalties	Capacity to deliver a service can change closer to delivery time where services have been procured long in advance. Providers may find it helpful to have more clarity on when liabilities for service failure kick in.	Standard Agreement	1. Initiated	Technical working group discussing feedback.	

3	01-Mar	Aligned flexibility products	<ul style="list-style-type: none"> <li>• Separate product definitions should be created where there are large differences, however, this should be balanced with not creating too many individual products.</li> <li>• A set of standard products will allow providers to more easily set up operational systems for engaging with different products and providers.</li> <li>• Community Energy organisations are still in the process of defining how they will participate as providers. It is likely that additional feedback on how product specifications affect them will emerge later.</li> </ul>	Flexibility Products	1. Initiated	Technical working group developing product definitions and recommendations for alignment.	
4	01-Mar	Increment 1 Primacy Rules	<p>The Primacy Rules working group should keep the Ofgem CFI on Distributed Flexibility in mind in case this has implications for Primacy.</p> <p>The Group noted speed of deployment as a priority.</p>	Primacy Rules	1. Initiated	Technical working group discussing feedback.	
5	01-Mar	ENA's response to Ofgem consultation and CFI	The Group would like an update on ENA's response to Ofgem CFI on the Future of Distributed Flexibility and consultation on	ON Programme	1. Initiated	ENA are developing their response and will share an update at the	

			Local Energy Institutions and Governance.			next Challenge Group meeting.	
6	01-Mar	Engagement with other ENA groups	Challenge Group are lookig to confirm ways for stakeholders to engage with groups across the wider ENA.	ENA	1. Initiated	The query has been raised within ENA.
